NAME: Matheswaran S

DEGREE: B.Tech., Information Technology

PHONE NO: 9789370511

EMAIL: itsmemathes@gmail.com

PROFESSIONAL OBJECTIVE

To be an astute learner, achieve high career growth through continuous learning process and enhance my skills to meet company goals and objective with full integrity and zest.

CLASS /COURSE	NAME OF THE INSTITUTION	BOARD OF STUDY	YEAR OF PASSING	MARKS / CGPA
B.Tech., (IT)	Velammal College of Engineering	Anna University	2027	8.30 CGPA
XII	Tagore Vidyalayam Matric Hr. Sec. School	State board	2023	88.5%
X	Velammal Vidyalaya	State board	2021	PASS

* CGPA (out of 10) up to 5th semester

AREAS OF INTEREST

- Data Structures & algorithms
- Digital Marketing
- Website Development

TECHNICAL EXPERTISE

- **Programming Languages:** Java, C, Deluge
- **Core Competencies:** Object-Oriented Programming (OOP), Core Java concepts
- **Front-End Development:** HTML, CSS, JavaScript
- **Database Management:** MySQL – database design, querying, and data manipulation
- **Web Performance Optimization:** Website speed optimization, SEO best practices, and digital marketing strategies to enhance online visibility and user engagement
- **Version Control:** Proficient with Git and GitHub for collaborative development and source code management
- **Design Tools:** Figma for UI/UX design and interactive prototyping

PROFESSIONAL SKILLS

- Strong Time Management
- Team collaboration in Agile environments
- Problem-solving with strong attention to detail
- Quick adaptability to new technologies and tools

ACADEMIC PROJECTS

S.No	Project Name	Description
1.	BOOKBAZZAR – Academic Project (2024 – 2025) Location: Phoenix Softech, Madurai	✓ Collaborated with a team under the guidance of Phoenix Softech during second year. ✓ Developed an e-commerce platform for book buying and selling using front-end technologies. ✓ Focused on category-based navigation, clean UI/UX, and responsiveness. ✓ Gained experience in real-world project flow and development cycle.

2.	Riches Gold & Diamonds (WIP)	✓ Built a responsive and visually appealing website to showcase the brand's jewellery collection. ✓ Utilized HTML, CSS and JavaScript for functionality and smooth user interaction. ✓ Applied web performance optimization, SEO, and digital marketing techniques to boost visibility and drive organic traffic. ✓ Designed the layout and user flow using Figma, ensuring an intuitive and engaging user experience. ✓ Managed source code with Git and GitHub for version control and collaborative updates. ✓ Website Link: https://richesgold.in/
3.	Web Based Real-Time Chat Application With Event-Driven Architecture	✓ Designed and implemented a real-time chat application using Node.js and Socket.IO for low-latency, bidirectional communication. ✓ Developed a browser-based interface enabling multiple users to engage in instant text conversations. ✓ Built a client-server architecture ensuring scalable and robust performance during concurrent sessions. ✓ Created a dynamic front-end with HTML, CSS, and JavaScript for intuitive user interaction and navigation. ✓ Implemented features like user identification, time-stamped messages, and automatic message updates for enhanced usability.
4.	Hospital Management System (Smart India Hackathon)	✓ Designed an intuitive UI/UX prototype for a Hospital Management System as part of the Smart India Hackathon competition. ✓ Focused on user-centered design, ensuring smooth navigation for patients, doctors, and administrators. ✓ Created wireframes and interactive layouts using Figma (or mention the tool you used). ✓ Enhanced the interface for clarity, accessibility, and responsiveness to improve overall user experience.

I, MATHESWARAN S, do hereby confirm that the information given above is true to the best of my knowledge.
